Company Description

Access manufactures numerous high volume, nationally and regionally recognized brands. We have been producing the highest quality home care, personal care and beauty products since 1959 and nutrition products since 1934. Our manufacturing plants in Michigan produce not only Aerosols, Liquids, Powders, Creams, Gels, Lotions and Ointments, but also labels, bottles, cartons, corrugate and catalogs. Access' West Coast manufacturing facilities produce Food Bars, Tablets, Powder Drinks mixes and Nutritional Granulations. This type of vertical integration is unmatched in the industry. Access has several ongoing continuous improvement initiatives which include Six Sigma, S&OP, LEAN Manufacturing and is ISO 14001 certified. These product categories include: Beauty, Personal Care, Skincare, Haircare, Suncare, OTC Medications, Wound Care and Oral care.
