Company Description

CBI Laboratories has long been a recognized custom manufacturer of innovative skin care, bath and body products, hair care products and topical OTC pharmaceuticals for some of the most prestigious brands in the industry.

Founded in 1982, CBI Laboratories, Inc. has earned a reputation as technology-driven, dependable and a trustworthy manufacturer of professional private label skin care and body care products. We have been the forerunner of many current trends in the professional skin care and spa body care industry for nearly 25 years. As one of the first manufacturers to pave the way with the use of botanicals, we have specialized knowledge of herbal and botanical extracts, with advanced antioxidants, peptides, and other unique, novel ingredients.

We offer a complete range of services under one roof that are designed to accommodate any requirements whether small volume or large. Our growth is built on our commitment to the customer and our confidential partnership with them. CBI has created a complete turnkey custom manufacturing environment that allows you to build your business through our extensive library of advanced, botanically based formulations, creative packaging options, quality manufacturing and detailed logistical execution.
