## Company Description

DSM Nutritional Products, Inc., is a major producer of ingredients for use in cosmetics and toiletries, supporting the industry with many product forms, ample capacity, innovative packaging, and the latest in technology and marketing know how. From worldwide manufacturing facilities and affiliates around the globe, the Personal Care Group provides the industry with the following ingredients: Vitamins – Vitamin A Palmitate, Vitamin A Acetate, Vitamin B1 (Thiamine), Vitamin B2 (Riboflavin), Vitamin B3 (Niacin, Niacinamide), Vitamin B5 (Panthenol, Calcium Pantothenate), Vitamin B6 (Pyridoxine), Vitamin B12 (Cyanocobalamin), Vitamin C (Ascorbic Acid, Stay-C® 50, Ascorbyl Palmitate), Vitamin D3 (Cholecalciferol), Vitamin E (Free Tocopherol, Tocopheryl Acetate), Vitamin H (Biotin), Vitamin K1 (Phytonadione) and Folic Acid. Unique Vitamin Derivatives – Ethyl Panthenol. UVB Filters – PARSOL® MCX (Ethylhexyl methoxycinnamate), PARSOL® 340 (Octocrylene), PARSOL® TX (Titanium Dioxide), PARSOL® HS (Phenylbenzimidazole Sulfonic Acid), PARSOL® HMS (Homosalate) and PARSOL® EHS (Ethylhexyl salicylate). UVA Filter – PARSOL® 1789 (Avobenzene). Phospholipid Emulsifiers – Amphisol® (Diethdeanolamine Cetyl Phosphate), Amphisol® A (Cetyl Phosphate), Amphisol® K (Potassium Cetyl Phosphate). Acidulants – Citric Acid and its salts. Colorants – Beta Carotene (ProVitamin A). Unique Moisturizers – Phytantriol and Allantoin. Natural Oils – Omega-6 Oils (Evening Primrose Oil, Borage Oil). Oral Care – Teavigo® (Epigallocatechin Gallate). Hair Protectant – PARSOL® SLX. Hair Care: BeauPlex® VH. OTC Actives: PARSOL® UV Filters and Tretinoin. Skin Care: Radiance CR, BeauPlex® VH, ALL-Q® plus (CoQ<sub>10</sub>, Vitamin E Acetate and C<sub>12-15</sub> alkyl benzoate), BeauActive™ MTP (hydrolyzed milk protein).

The Personal Care Group is considered a leader in the cosmetic industry for its important research on the use of vitamins and sunscreens in cosmetics and its innovative concept and product development.
